SOLICITATION SUMMARY

The Bay City Housing Commission owns two sites fronting Columbus Avenue in Bay City. One of the sites was previously planned for the development of 56 affordable housing units. The site plan was configured with a 4-story mid-rise building, and 17 townhomes. The project was paused during the pandemic and subsequently the entitlements expired. The Bay City Housing Commission staff is renewing the planning and entitlement processes to incorporate both sites in a phased development plan. Two grants totaling 3.1 million dollars have been awarded BCHC's community partners to fund the site environmental remediation and demolition on the sites. The remediation and demolition work is expected to begin onsite in early fall of 2025. During this process, the consolidated sites may be planned and resubmitted for required approvals. The development plan should be pointed toward the April 2026 or October 2026 LIHTC application rounds.

The Bay City Housing Commission has 193 units of scattered site housing remaining in its public housing program. It is anticipated that the development would be completed through the United States Department of Housing and Urban Development's (HUD) Rental Assistance Demonstration ("RAD") Program and other programs such as HUD's Section 18: Demo/Dispo. Project financing would be a combination of investor equity from the sale of low-income housing tax credits (LIHTCs) from the Michigan State Housing Development Authority (MSHDA), conventional or FHA mortgages, grants and equity. BCHC has completed RAD conversions of three high-rise properties and the restructuring of another high-rise property through a development partnership funded with LIHTCs and conventional debt. In addition to decades of effective property management, BCHC has successfully managed compliance for 526 units over the prior ten years. The organization has transformed its management capacity to be competitive with private-sector management companies working in the subsidized affordable housing space.

The Bay City Housing Commission is not a passive partner. BCHC seeks an effective partnership where both partner interests are aligned. The BCHC is to be considered an "emerging developer" as this term is used in the Qualified Allocation Plan (QAP) from the Michigan State Housing Development Authority (MSHDA). BCHC intends to serve as co-owner of the managing general partnership and hold the majority ownership interest. BCHC will also serve as contracted property manager to its partner's affiliated qualified property management company. Other terms and conditions such as the distribution of cash proceeds, loan and tax credit guarantees shall be determined by the partners and set forth in a Memorandum of Understanding within twenty-one days following the selection of the successful candidate.

Respondents to this RFQ must include corresponding resumes of its principles and key staff that would be associated with this project, and evidence of recent successful experience in financing, developing, rehabilitating, constructing, owning and/or operating similar properties. Respondents must demonstrate they have experience with at least three HUD RAD conversions using mixed finance sources of funding. Obtaining project-based vouchers may also be a potential source of rental assistance.

Following the submission of responses, BCHC will make a decision based on the requirements and evaluation criteria contained in this RFQ. The complete RFQ (Request for Qualifications BCHC 2025) can be obtained on BCHC's Website <https://www.baycityhousing.com/rfps-and-public-notices/>.

PART 1 - GENERAL INFORMATION

About Us

The Bay City Housing Commission is a public housing agency (PHA) created by the City of Bay City in 1950, pursuant to Michigan Public Act 18. It serves as a conduit for funding and programs originating from the U. S. Department of Housing and Urban Development (HUD).

Today, the Bay City Housing Commission operates three housing programs, two programs provide project based rental assistance for tenants that pay 30% of their income as their rental payment and one program is unrestricted. The Five-year PHA Plan addresses the Public Housing Program only. However, to understand the full scope of operations, the reader should be aware of the total programmatic structure.

Public Housing Program comprised of 193 single family houses and duplex dwellings in a scattered site configuration located throughout Bay City neighborhoods. This portfolio received annual operating grants and capital funding grants for the public housing directly from HUD which, in turn, receives annual appropriations from the United States Congress.

The conversion of the Public Housing units under the Rental Assistance Demonstration Program (RAD) is continuing. Land has been acquired and development plans for the first phase have received local entitlement approvals. The project was paused during the pandemic to allow time for construction costs to stabilize. Plans to fund demolition and abatement of site conditions are underway. Depending on the timing of completion of demolition of existing site structures and abatement, activity on the development plan for a 56-unit multifamily development will resume.

Multifamily Program comprised of four high-rise buildings with a combined total of 527 units. Two buildings are designated for the elderly and two for families. Each property has a stated preference for persons with disabilities. Within the multifamily program there are two subsets of properties characterized by the financial structure. Multifamily properties have executed Housing Assistance Payment Contracts (HAP) with HUD to provide monthly contract rent to supplement the tenant paid portion of the total rent each month.

Maplewood Manor was substantially rehabilitated in 2016 using Low Income Housing Tax Credits (LIHTC) through the Michigan State Housing Development Authority (MSHDA). It is owned by investors that purchased the LIHTCs to generate the funds for rehabilitation. The property is managed by the Bay City Housing Commission by virtue of Management and Operating Agreements with the investors. When LIHTCs are purchased by the investors, the investors have the ability to select the asset and property management firm that operates the property.

Smith Manor, Pine Towers and Maloney Manor are currently owned exclusively by the Bay City Housing Commission following the repositioning/restructuring pursuant to the Rental Assistance Demonstration Program (RAD). However, it is likely these properties will be restructured using LIHTCs or another financing facility within the coming five to seven years.

Conventional Portfolio – This portfolio consists of six units (one 4-plex and 2 SFR). These units have no program restrictions, except that the 4-plex building is master-leased to a community nonprofit organization that, in turn, provides housing to transitional low-income individuals. The two single family houses are typically leased to Section 8 voucher holders through BECKA Management Group. BECKA Management Group is a housing agent through the Michigan State Housing Development Authority (MSHDA).

Housing Choice Vouchers (HCV) – The Bay City Housing Commission does not administer an HCV program.

PART II - PROJECT INFORMATION

General Overview

The site(s) for the affordable housing project are comprised of two parcels on Columbus Avenue, 111 N. Madison Ave (former YMCA) with 1.81 acres and 108 N. Adams St (former Bay County Market) with 1.87 acres. The sites are currently bisected by N. Jefferson Street.

Both sites are owned by the Bay City Housing Commission and thorough environmental investigations have been completed for both sites and a demolition plan designed for the former YMCA site.

The BCHC, in collaboration with the City Community Development Department, has applied for grants to fund the demolition and abatement on both sites.

The 111 N. Madison Avenue property was previously planned for 56 units of affordable housing for the BCHC. The previous site plan included a 4-story building along Columbus Avenue with 17 townhouse units on the north side of the site. The project has received special use permits allowing the 4-story height and a parking ratio less than one space per unit.

The project was paused at the beginning of the pandemic and subsequently the land use entitlements reverted. There is now an opportunity to create a consolidated development plan for the entirety of the two properties. It may also be possible to vacate N. Jefferson Ave and consolidate both parcels, if that design is useful in achieving the development plan.

Since pausing the development, BCHC has pursued funding for the demolition, abatement and site remediation that is required to create developable sites. The deconstruction project was estimated at \$2,253,000. As of April 22, 2025, 3.1 million in grant funding has been committed for the site remediation and demolition. Work is scheduled to begin on site by fall of 2025.

In January 2025, The City of Bay City commenced a new effort aimed at revising zoning ordinances to support the Master Plan. The development site is squarely within the targeted primary investment areas.

It is an important objective to assure that the development resulting from this effort be compatible with the Master Plan as well as serve the resident populations that will be housed there.

It is the intent of the BCHC to eventually convert all its public housing portfolio under RAD. The project is anticipated to have 2-4 development phases. It is possible to convert part of the affordable housing units with income-based rents using RAD in one phase and financing another phase only with LIHTCs that would cap rents at 60% of the area median income.

The Uptown Bay City development, two blocks away, provides substantial market-rate residential products to balance the housing supply. Proposed new rental housing developments on the north side of downtown will also provide a counterbalance.

General Scope of Services

The successful candidate will work with the BCHC to produce the turnkey development and management of new affordable units using the RAD program as the baseline program to convert existing units from BCHC's public housing portfolio to new RAD multifamily housing. The turnkey process will include, among other things, the following benchmarks:

- Development Plan – Assist BCHC in determining the development plan appropriate for the conversion of existing public housing units and for the long-term viability of the development, including unit mix, architectural design and phasing and preliminary application scoring for LIHTCs.
- Project Feasibility - Preparation of preliminary development and operating proformas based on the program requirements, projected rents and financial underwriting.
- Land Entitlements - Obtain zoning and/or zoning variances, special use permitting and entitlements to support the development plan must be obtained through Bay City and any other public entity having jurisdiction over the project.
- RAD Program Approvals – resident meetings to receive input for the RAD conversion, make application and obtain Commitment to Enter into a Housing Assistance Contract (CHAP).

- LIHTC Application – When the project receives all required entitlements, RAD CHAP, the LIHTC application may be assembled and submitted.
- Development Fees: It is expected that there will be a Master Development Agreement executed between the Partner and BCHC that will incorporate the split of project development fees with BCHC.
- Property Management: The Master Development Agreement shall provide that the BCHC is the property management firm.
- Asset Management: The BCHC shall be the majority member of the managing general partnership for the limited dividend housing association that becomes the ownership entity.
- Development Strategy: In undertaking this initiative, as well as the other potential development/rehabilitation projects, BCHC’s fundamental goal remains that of creating new affordable and affordable-subsidized housing while preserving its current inventory at the best possible quality. BCHC is expecting its partner(s) to provide conservative, yet creative and innovative ways of financing and developing our development properties in carrying out the mission of providing affordable housing within a mixed-income environment. The Development Strategy must address the following:
 - *Integrating low-income housing tax credit rental units with the surrounding neighborhoods.*
 - *Reflecting the architectural nature of the larger community, through new building designs.*
 - *Building high quality housing that will be attractive, energy-efficient, and will have long-term viability without extraordinary capital improvement resources.*
 - *Leveraging funds to the maximum extent feasible without overleveraging the project beyond its reasonable cash flow generating capacity.*
 - *Ownership Structure: The Partner(s), and BCHC will develop an ownership structure that complies with all Federal regulatory requirements. The structure will identify and define the role of each entity involved. It is the intent of BCHC to negotiate a development agreement(s) with its partner or partners.*

Roles and Responsibilities of the Partners

The expectation is that the Developer and BCHC must work together as a team to effectively develop the Project. This level of collaboration will require exceptional, thorough and timely communication between *Developer* and BCHC. Each Member of the project’s management entity shall engage in separate and distinct responsibilities to develop and operate the Project. Developer and BCHC agree to advise one another of all pertinent and material matters in connection with the financing, development, management, and long-term ownership of the Project and each party understands that it is bound by a confidentiality agreement regarding proprietary partner information.

BCHC's and Developer 's specific duties and responsibilities for the development, management and ownership of the Project will be set forth in a Development Agreement and Operating Agreement to be entered into between Developer and BCHC. Any predevelopment advances provided by BCHC shall be repaid through closing proceeds with the investor and lender(s).

Role of BCHC

- BCHC will be a majority owner of the Managing Member entity of the Company and shall participate in all stages of the development process of the Project such as the following:
- BCHC will serve as the property management company under a subcontract with the Developer's affiliated property management company that serves as the management company of record pursuant to LIHTC guidelines.
- BCHC shall maintain all books and records for the Company, and to assist Developer to manage all cost certifications, audits and tax returns for the Company.

Role of the Developer

The Developer will serve as the minority member of the Managing Member entity of the Company and will directly manage all phases of the Project's development. The Developer will be responsible for such activities as the following:

- Sponsorship and preparation of an application for Low Income Housing Tax Credits ("LIHTC") as administrated by the Michigan Housing and Development Authority ("MSHDA")
- Secure all sources of financing required to redevelop the Project.
- Assist BCHC in obtaining all city and county approvals for the development of the Project.
- Oversee the performance of the general contractor and subcontractors and all third parties engaged for the development of the Project.
- Provide all LIHTC basis and timing guaranties, operating deficit guaranties, construction guarantees and repurchase obligations to the Investor Member.
- Accept the Bay City Housing Commission will perform all property management functions as a subcontractor to the property management firm of record.
- Developer 's duties and responsibilities will be more specifically set forth in a development and operating agreement with the Company. In addition, the property management firm that is an affiliate of the Developer may also provide asset management and compliance oversight services for the Company and will review and approve the Company's reporting to investors, lenders, state agencies, taxing authorities, and other parties as detailed in a separate consulting agreement.
- Secure an option/right of first refusal for the BCHC with each LIHTC investor and minimize investor exit taxes due when the BCHC exercises its option or right of first refusal to reacquire the property at the end of the initial compliance period.

1. Preparation of Offers

(a) Offerors are expected to examine the statement of work, the proposed contract terms and conditions, and all instructions. Failure to do so will be at the offeror's risk.

(b) Each offeror shall furnish the information required by the solicitation. The offeror shall sign the offer and print or type its name on the cover sheet and each continuation sheet on which it makes an entry. Erasures or other changes must be initialed by the person signing the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the HA.

(c) Offers for services other than those specified will not be considered.

2. Submission of Offers

(a) Offers and modifications thereof shall be submitted in sealed envelopes or packages (1) addressed to the office specified in the solicitation, and (2) showing the time specified for receipt, the solicitation number, and the name and address of the offeror.

(b) Telegraphic offers will not be considered unless authorized by the solicitation; however, offers may be modified by written or telegraphic notice.

(c) Facsimile offers, modifications or withdrawals will not be considered unless authorized by the solicitation.

3. Amendments to Solicitations

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) Offerors shall acknowledge receipt of any amendments to this solicitation by

- (1) signing and returning the amendment;
- (2) identifying the amendment number and date in the space provided for this purpose on the form for submitting an offer,
- (3) letter or telegram, or
- (4) facsimile, if facsimile offers are authorized in the solicitation. The HA/HUD must receive the acknowledgment by the time specified for receipt of offers.

4. Explanation to Prospective Offerors

Any prospective offeror desiring an explanation or interpretation of the solicitation, statement of work, etc., must request it in writing soon enough to allow a reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor

(a) The HA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must -

- (1) Have adequate financial resources to perform the contract, or the ability to obtain them;

- (2) Have a satisfactory performance record;
- (3) Have a satisfactory record of integrity and business ethics;
- (4) Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
- (5) Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD.

(b) Before an offer is considered for award, the offeror may be requested by the HA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

6. Late Submissions, Modifications, and Withdrawal of Offers

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -

- (1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);
- (2) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the HA/ HUD that the late receipt was due solely to mishandling by the HA/ HUD after receipt at the HA;
- (3) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term "working days" excludes weekends and U.S. Federal holidays; or
- (4) Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

(d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

9. Offer Submission

Offers shall be submitted as follows and shall be enclosed in a sealed envelope and addressed to the office specified in the solicitation. The proposal shall show **the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.**

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

(b) For purposes of paragraph (b)(i)(1)(a) of this clause, providing any information specifically requested by an agency or Congress is permitted at any time.

(c) The following agency and legislative liaison activities are permitted at any time only where they are not related to a specific solicitation for any covered Federal action:

(e) Penalties. Any person who makes an expenditure prohibited under paragraph (b) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(f) Cost Allowability. Nothing in this clause is to be interpreted to make allowable or reasonable any costs which would be unallowable or unreasonable in accordance with Part 31 of the Federal Acquisition Regulation (FAR), or OMB Circulars dealing with cost allowability for recipients of assistance agreements. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any of the provisions of FAR Part 31 or the relevant OMB Circulars.
